Diary Dates (WRR=Widegates Reading Room)

December

Fri 6: Christmas Bingo, WRR

Sat 7: Switching on the Christmas Tree lights on the Green,
followed by a Disco in the Hall for children and all the family.

Mon 9 - Sun 15: Christmas Tree Festival, St Wenna's Church

Sun 15: Carol Service, 4pm, St Wenna's Church

Hessenford WI

President Jackie was pleased to welcome several visitors to our meeting. Our speaker was Andy Bristow, a local resident known to a number of us. His talk was entitled "Sailing to the Arctic" which was illustrated with beautiful slides. A retired army colleague of Andy's had wanted to see how climate change was affecting the region. The voyage to Svalbard in Andy's steel boat "Atlantis" took three months. We shared in both the serious elements of what they saw and in the everyday experiences of sailing in those waters. A fascinating talk in which we were totally engaged.

The business elements of the meeting included a report by Rose of the Annual Council Meeting in Redruth which she attended with Marie. Yvonne, Marie, Shirley and Rose had enjoyed the "What's in my Trolley?" Cookery demonstration at Coads Green. Our entry into the Liskeard Prime Stock Show achieved its usual position of last with a Highly Commended certificate, but we had enjoyed doing it! Some of us had also enjoyed a lovely walk in Seaton valley, rounding it off with a hot drink at the cafe on our return.

Our next meeting is on Tuesday 3rd December at 7 p.m.

Craft Club

Finishing touches were made on the Christmas decorations whilst future craft ideas were discussed. The last Thursday in November will be the final evening for the crafters this year as we will be taking a break and coming together again on the second Tuesday of March. Please join us then if you want to learn a new craft or have a craft you wish to share, for further information please phone Jane 240393, Helen 241148 or Barbara 241169.

Ladies at Leisure

Talland Bay Hotel was the venue for the Ladies at Leisure in October, the weather did not dampen our spirits as Afternoon Tea with the cakes decorated in theme of Halloween along with lively chatter were enjoyed by us all. The last get together of the year will be for a pre-Christmas dinner at The Plough, Duloe. The Ladies will be back together again at the end of January to talk about ideas for outings for the coming year. If one of your New Year's resolutions is to get out and about and make new friends, please join us. To find out more you can speak to Jane 240393, Helen 241148 or Barbara 241169, we look forward to hearing from you.

Remembrance and Poppies on the Green

We'd like to thank all of those involved in Remembrance 2019, including the small group of local residents who, despite the very wet and windy weather, installed the display of poppies and soldiers in honour of Remembrance Day on Widegates Village Green, and for those involved in the Act of Remembrance, including Andy (who played the bugle), Tyler (who carried the British Legion Standard), and Mel and John (who laid the wreathes in honour of those who laid down their lives). Following the well-attended church service, the £118 collection was given to the Royal British Legion.

(The Editors)

Christmas Tree Festival at St Wenna's 9th to 15th December

The church will be full of Christmas trees again this year, representing groups and organisations in and around the parish. The festival will start with an informal dedication service at 3.30pm on Sunday 8th December, and will then be open from 10am to 4pm Monday to Saturday, ending with the Carol Service at 4pm on Sunday 15th.

Please come and support our historic parish church, when it is looking its very best. Now that we have an efficient heating system and a toilet, it is a perfect venue for festive events.

Free entry, donations welcome, refreshments available.

The Morval Neighbourhood Development Plan

The idea of a Neighbourhood Development Plan (NDP) is that Cornwall Council and the Parish Council will use it to have more say over future developments. The policies formed from the questionnaire feedback will identify what developers can or can't do.

The next questionnaire will give parishioners an opportunity to say what things they think are important concerning future developments within the parish.

Cornwall Council has a Local Plan, which runs until 2030. It states the policies that the Council will apply for new developments. Any parish can create its own NDP.

The initial work for a parish NDP is done by a group of parish volunteers called a Steering Group. They are responsible for getting evidence which forms the basis of the policies in the NDP. Without this, Cornwall Council won't adopt the NDP, but once an NDP has been adopted, it becomes legally binding until 2030.

However, certain things must be adhered to in order for an NDP to be accepted and signed off by Cornwall Council:

- It cannot contradict policies in the Cornwall Local Plan
- it represents the views of all the parish not just a select few
- there must be parish-wide consultations
- questionnaires can't ask leading questions without evidence

The last reason is why there must be 2 questionnaires:

1. An initial open questionnaire inviting parishioners to say what they think are important topics within the parish.
2. A detailed questionnaire based on this, where parishioners can give their opinions, sometimes rank ordering from a list or ticking what they think is important, or by answering open questions.

(cont. on next page)

What's happens after the questionnaires are returned?

There are five stages which need to be successfully undertaken:

1. The questionnaire returns are used to create the Morval NDP
2. Cornwall Council need to assess our NDP
3. There is a parish consultation, so parishioners can view the drafted policies and give feedback that can be used to edit the policies before the final plan is submitted
4. A ballot will be held for the parishioners to approve or object to the final NDP
5. If a majority support it, the Morval NDP is adopted by Cornwall

What's going to be in this detailed questionnaire?

Topics raised by parishioners in the first questionnaire and at public consultations fall into six broad categories. Here's a summary, so you can get an idea as to what you'll be asked:

Section 1: Community, Heritage & Environment

This section is where you can give your opinions about various community facilities (both current ones and potentially new ones in the future), and how they might be provided, maintained and utilised. It asks about green spaces and the natural environment, and the importance you attach to them, and also about mobile phone reception and broadband speeds.

Section 2: Transport and Getting around

This section asks about the number of vehicles in your household and the various forms of transport you use, (to give an idea of the volume of traffic the parish roads need to cope with). It asks for your thoughts and concerns about the speed and volume of traffic, parking, pathways, any visibility concerns, and your opinion about various suggested changes which might improve matters.

Section 3: Employment & Enterprise

This section asks for your opinion about various sorts of businesses that currently run in the parish, or might be set up in the future, and how they might affect parish life. There are also specific questions for anyone who runs, or is thinking of running, a business, to find out what specific requirements or concerns you may have.

Section 4: Housing & Development

This is a major section within any NDP, so getting your opinions about this topic is really important. Your opinion about how many new homes the community would like to see developed, what type of homes are built, and where they might be built is required.

Section 5: Tourism

This section asks for your opinion about the importance of tourism within the parish, and the extent to which it might be promoted.

Section 6: Energy Efficiency and Renewable Energy

This section deals with an important topic and asks for your opinion about clean energy generation and environmental impact, and if any particular renewable energy methods should be encouraged.

Is there any help to assist filling in the questionnaire?

Each questionnaire will be accompanied by a communications pack which has additional information to help to fill in the questionnaire.
