## Coronavirus – community support...

With a continuing and essential restrictions put upon everybody by the coronavirus, it is even more important that all communities need to think about how to look out for each other. With this in mind, a number of people in our parish continue to work with a community-minded spirit and have offered to be on hand to help anyone in need of support.

If you find that you need to self isolate and you have nobody to deliver food and other supplies to your door or to collect prescriptions etc, please do not hesitate to contact someone on the following list. Government guidelines might have changed by the time you read this, but we still hope to be able to support each other.

Dawn James .....	01503 240482

Sara has also set up a Facebook page to share up to date information and sources of support: Morval and Widegates Covid 19 support group. If you need help to access this, please call Sara on 07955648018. And don't forget that there's the Community Box in the old telephone box in the layby at the top of Hessenford hill.

## Continuing thanks for the NHS and carers

Morview Road had its 10<sup>th</sup> celebratory Clap for Carers last Thursday, like many other areas. Founder of Clap for Carers' Annemarie Plas has suggested that this should be the final one for the time being, so we'll follow her lead, but we collectively want to say thanks to all NHS and carers, and hope that their wonderful contribution to keeping us safe is not forgotten by the politicians when important matters like pay are next discussed.

**On Sunday 31st May, Christians celebrated Pentecost, one of the important festivals in the church year.**

### **What is Pentecost?**

Pentecost is the festival when Christians celebrate the gift of the Holy Spirit. It is celebrated on the Sunday 50 days after Easter (the name comes from the Greek pentekoste, "fiftieth"). Pentecost is regarded as the birthday of the Christian church, and the start of the church's mission to the world.

### **The Holy Spirit**

The Holy Spirit is the third part of the Trinity of Father, Son, and Holy Spirit that is the way Christians understand God.

### **Celebrating Pentecost**

Pentecost is a happy festival. Ministers in church often wear robes with red in the design as a symbol of the flames in which the Holy Spirit came to earth.

### **Pentecost Symbols**

The symbols of Pentecost are those of the Holy Spirit and include flames, wind, the breath of God and a dove.

### **The first Pentecost**

Pentecost comes from a Jewish harvest festival called Shavuot, when people from many regions, speaking different languages, would have come together to celebrate.

The apostles were celebrating this festival when the Holy Spirit descended on them. It sounded like a very strong wind, and it looked like tongues of fire. The apostles then found themselves speaking in foreign languages, inspired by the Holy Spirit, so that everyone could understand what they were saying. People passing by at first thought that they must be drunk, but the apostle Peter told the crowd that the apostles were full of the Holy Spirit.

## The night sky in June

For those who like to look for planets in the night sky, they are there during June, but you'll need to be a bit of a 'night owl' to see them.

By mid-June, a 'noticeably bright' Jupiter will be rising in the southeast just before midnight, followed about 15 minutes later, and a little more to the east, by the 'nearly as bright' Saturn. For the extreme night owls, Mars rises in the east about 1½ hours after that. The planets will traverse across the Southern... (*cont overleaf*)

[from prev page]...Sky until they are lost by the rising of the Sun. As the month proceeds, the planets will rise progressively earlier; by the end of June, they will rise about an hour earlier than mid-month.

For those who might wish to view the night sky somewhat earlier in the evening, the 'Plough' is visible, although not where people often expect it to be, i.e. low in the northern sky. After sunset, the Plough is in the Northwest sky, stood on its end, with 'the handle' pointing upwards, and its end star about 60° above the North West horizon.
